### **Manitoba Harvest Hemp Foods Emerges as CME's 2014 Emerging Company**

(Winnipeg, Manitoba – April 3, 2014) – Manitoba Harvest Hemp Foods

(<http://www.manitobaharvest.com>), revels in the distinction of receiving the Canadian Manufacturers & Exporters' (CME) Emerging Company Award. The honour was handed out at the CME Awards Banquet last week.

“The award is a source of pride and showcases our commitment to continuing evolving,” says Mike Fata – CEO & Co-Founder of Manitoba Harvest Hemp Foods. “I hope this award shines light on Manitoba as a exporting hub and the exemplary work our team is doing to sustain our impressive growth.”

The annual CME awards recognize individuals and companies that have demonstrated excellence in expanding into geographic markets and realized significant, and sustained, export sales. The Emerging Company award honours a company that has achieved revenue growth, exhibited good corporate citizenship, and has contributed to the expansion of local employment.

To see why Manitoba Harvest Hemp Foods was the award recipient, view their awards video found here <http://bit.ly/1jARCB2>.

Manitoba Harvest Hemp Foods is the world's largest hemp food manufacturer to grow, make and sell their own brand of hemp food products. A B Corp Certified company, Manitoba Harvest educates on the health and environmental benefits of hemp and strives to support sustainability in all that they do. Award-winning products include Hemp Hearts (raw shelled hemp seeds) and HEMP PRO 70<sup>®</sup> (hemp protein concentrate). [www.manitobaharvest.com](http://www.manitobaharvest.com).
